

6th 6 Weeks EXTRA CREDIT ANIMAL POSTER PROJECT

Due May 17, 2013 This is worth one major grade extra credit

Create a poster about an animal of your choice that includes the following accurate and CONCISE information:

- Scientific name of animal – written in the correct form!
- Map of distribution – an actual map that shows areas where that animal is found
- Diet (food chain/web picture: drawn or cut out/internet)
- Predators (that eat your animal: food web)
- Life span – How long do they typically live?
- Endangered species? (yes or no, why)
- Size – as a baby and as an adult
- Pictures (3 or more, drawn or cut out/internet)
- Sources used for research (must have at least TWO reliable sources)

Your information should be in written in your handwriting. It should summarize what you have learned in your research into concise statements that provide the necessary information. As always, spelling, grammar, and accuracy are important factors in any type of assignment!

GRADING

<u>Content grade:</u>	<u>Possible Points</u>	<u>Your Points</u>
All required information included	22.5
