

**Biomes Travel Brochure Project**

**Objective:** The student will show understanding of biomes, the relationships between abiotic and biotic factors in an ecosystem, and animal and plant adaptations through a travel brochure. This brochure will be designed to persuade people to visit your biome.

**Due Date: Friday, Dec. 14, 2012**

-You will do this at home and in class. It will be counted as a **major grade**.

-The outline page **MUST** be turned in with your brochure. Any brochure turned in without this page will result in a loss of 10 points.

**Materials:**

1 sheet of construction paper (any color)

Information on your chosen biome:

- the name of the biome and its locations (include at least one pictures)
- Develop a slogan to persuade travelers to visit your biome. This should be the title of your project.

For Example (a California travel brochure): "California is the land of sun, surf and savings."

- the climate (temperature and precipitation)
- list four or more plants found in the biome (include at least two pictures)
- list four or more animals found in the biome (include at least two pictures)
- describe how animals adapt to the area
- describe how plants adapt to the area
- activities that a person who is visiting the area may do

Colors (markers, crayons, or colored pencils)

Ruler

**Procedure:**

- Divide the paper into a four sided brochure (see example on the back)
- Label each section with the appropriate title
- Under the appropriate title, give the corresponding information about your biome
- Include your pictures under the appropriate title
  - Can be drawn, photos, cut out of a magazine, or printed off of the computer
- Write name, date, and period on the back of middle section of your brochure

**Graded on:**

Correct information = 65%

Pictures = 18%

Slogan = 2%

Neatness/creativity = 15%

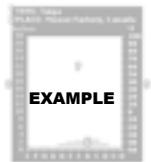

Correct Information							Slogan 2 pts	Pictures 18 pts (9 pts each)	Neatness/ Creativity 15 pts
Name and location 10pts	Climate 10 pts	Plants found in biome 10pts	Animals found in biome 10 pt	Animal adaptations 10 pts	Plant adaptations 10 pts	Activities 5 pts			

Name of Biome

**Slogan**  
"California is the land  
of sun, surf and  
savings"

Climate (Temp & Rainfall)
